A. L. Hadaway, Sheriff, Polk County, Arkansas was contacted at telephone number 501/394-2511. Sheriff Hadaway was advised of the identity of the agent and the purpose of the interview. Sheriff Hadaway advised that he was personally at the Mena Arkansas Airport at approximately 5:00 p.m. on May 18, 1983. Two airplanes landed. He observed one of them to be a Piper Seneca tail number 2931C. He stated that the other one was not noted as far as the tail number.

Sheriff Hadaway stated that at the time of this incident the runway of the Mena Airport was torn up and under construction and it was not possible to cross the runway in an airplane taxiing. Sheriff Hadaway stated that shortly after the Piper Seneca landed, he heard an airplane fire up its engines. He observed that this aircraft was in front of Freddie Hampton's Hanger. He observed that it was a Piper Seneca, he believes it was blue and white in color and the tail number was N8049Z. He observed the aircraft to rev both engines up to full throttle while the pilot stood on the brakes until maximum revolutions were obtained at which time the pilot released the brakes and the aircraft made a short take off from the apron and not the runway. He estimated that the aircraft took off in less than 300 feet. Shortly after N8049Z took off, he contacted his informant and was told that [REDACTED]

CID Case #3110

On November 20, 1976, at about 9:00 A.M. the Galliano Annex COMPLAINT No. notified this officer of a body that had been located in Lake Salvador at Chico Point and I was advised by Chief Diaz to go to the scene and to conduct the investigation.

At about 10:00 A.M. I arrived on the scene and found the remains of a white male in the water face down about ten to fifteen feet from the bank in about three feet of water. The body had been located by hunters and when I arrived at the scene [redacted] of the Sheriffs Office rescue squad had removed the wallet from the back pocket of the body the drivers license with the name of Clarence J. Babin white male age 24 and the body was photographed by [redacted] of the Lafourche Parish Sheriffs Office and when the body was turned over and more pictures were taken of the front of the body. The body was then removed to the Falgout Funeral Home in Raceland by orders of the Lafourche Parish Cornors Office. The body was removed at about 10:15 A.M. and it was decided by Dr. [redacted] to call in Dr. [redacted] a Forensic Pathologist out of St. Mary Parish.

At about 5:00 P.M. Dr. [redacted] and Dr. [redacted] of the Cornors Office started the autopsy and removed from the body was a watch a clip with bullets and mud samples from underneath the coat. Pictures were taken of the autopsy and after taking the clothes off it was noted that the skin was coming off and that the subject had no hair left at all and it was also noted that there were no bullet holes and no stab wounds on the body at all. There was no evidence of any foul play and Dr. [redacted] determined that the subject apparently died of drowning and said that there was no foul play indicated in the death.

b6  
b7C

It should be noted that the body was about seven miles from Larose and about two to three miles east of the location of the boat that was found in Lake Salvador.

Blood samples have been sent to the Lab in St Mary Parish Cornors Office in Franklin to determine the blood alcohol content if any.

The Lafourche Parish Cornors Office has determined that the death was due to drowning and accidental drowning and ruled there was no evidence of any foul play.

## SUPPLEMENTAL REPORT

4 Oct 76  
DATE**LAFORCHE PARISH SHERIFF'S OFFICE**  
THIBODAUX LOCKPORT GALLIANOI-165  
COMPLAINT No.

At approximately 1145 hrs. this date I was told to meet [redacted] of the boat patrol and accompany him to Lake Salvador. I met [redacted] and [redacted] and we went to Grand Point in Lake Salvador. We took [redacted] boat.

At Grand Point we saw a blue and white boat anchored approximately fifty (50) to sixty (60) yards from the shore. As we approached the boat we found the boat had the numbers [redacted] on the side. The boat was a Stryker with a 85- HP Evinrude engine on it. The boat had a partially filled beer (Little Pony by Miller) bottle on the front of the boat. Next to and in front of the drivers seat in the boat was a partially filled brandy bottle. ON the floor of the boat there was a blue blanket, a radio (appeared to be an aircraft radio serial #31-08), an ice chest with drinks in it (cokes) a tool box was behind the passenger seat. On the inside of the side of the boat underneath the steering wheel there was an AR-15 serial #SP48192, the weapon had a clip in it but there was no round in the chamber. b6

We were able to get our boat to the shore and a search of the area was started. Shortly after the search was started Major Doucet arrived in the helicopter. A search was made from the air in the helicopter. Nothing was found. b7C

With authority from Major Diaz the boat was started and driven to [redacted] camp and stored there. Major Doucet came to the camp and the above mentioned radio and the AR-15 was turned over to him. The boat was secured and left in the care of [redacted] and [redacted] for the night. I was told Major Diaz had left orders for me to return to the landing and the search will resume tomorrow (25 Oct 76) if no more information can be obtained concerning the operator of the boat.

Respectfully submitted:

Myself and 2 of my friends went to pass some gill nets cause they had never seen it done before and as we were going I shine my light on a boat and we went over and see if he needed help and when we got there we started talking and subject told us he did not have no gun with him and as I shine my light in the boat I saw a rifle and a pistol in his pocket, so I figure it was better if we move out and we went back to the camp and I told my father [redacted] of what happen and what we had seen, so [redacted]

and my father went out later and seen the boat and the subject was laying on the front deck of the boat sleeping and they fired 2 shots at garfish and he never woke up, also he had beer in the boat for which he offer us, but we said we didn't care for none.

Next morning my father went out again and seen the boat with no one in it and we went on land and shouted to see if some one was there.

Subject said he was surveying for ducks for college and the way he talk he had been there for a few days and on his right hand he had a big red, white and blue glove and a big spot light that would throw

The way that man talk made no sense to me cause he didn't know which way duck flies, he said also that he always launched around Frank's Place in Des Allemandes and that they told him not to come back too late from the lake. He said that there is some one is watching him and he looked scare. He told us he had 2 numbers on him meaning some kind of dope, but he had thrown it away, but he was half drunk or something.

He talk to me as if he would be a Narc Agent cause of the rifle and the pistol and he also said that some boat made a few rounds his boat about 50 yards away but he wasn't doing nothing wrong, just watching for duck.
